Hospital, Berlin, Germany

Email: mustafa-zelal.muallem@charite.de

Dates of Fellowship: 03/06/2019-28/06/2019

Detailed description on Teaching received:

I have been as guest Doctor at Charite Hospital for period of a month. That was great experience for me. From first day to last day feeled I a part of department. I have German knowledge, that's why I understood all medical terminology well. I had the chance to see many new surgical procedures. In Charite the day starts in the morning at 7:30 with meeting. I attended morning meetings, postoperative and preoperative patients were discussed in the morning meetings.

I got a big impression from Dr.Muallem and Dr. Sehouli. I spent all my time in the operating room, they helped me to understand German and new surgical ability. Also I have observed gynaecological oncology clinic works, in patient and perioperative care. Also the hospital staff were very helpful to me. I would like to thank Dr Sehouli ,Dr. G. Inci, Dr. Muallem and all hospital staff. These were great experiences for me. I've improved my surgical ability. Finally, I would like to thank the ESGO Council for giving me this chance and their support which made this a month visit possible.

Goals accomplished :

- Assisting in radical oncological procedures
- Improved skills in laparoscopic surgery, especially radical lymphadenectomy.
- Better understanding of surgical anatomy and vessel variations.
- Expanding personal international network in gynecological oncology society.

Achievement in clinical practice:

- I improved skills management of complex and radical abdomen-pelvic surgery, including pelvis and upper abdomen.
- I improved surgical anatomy and knowledge

Presentations eg. at seminar or meetings: None

Research performed and outcome: None

Publications: None

Problems encountered with a critical evaluation of the fellowship experience as a whole:
- I did not encounter any problems during my Observership.

Future plan on returning to home:

- My future plan to returning to my country to ending my residency. The most important thing is to work in Germany in the near future.

Overall evaluation and comment of the fellowship:

- ESGO traveling fellowship program is very honorable. I am so grateful of ESGO, DR Sehoul and Dr Muallem, Dr. Gülhan İnci. That was a unbelievable chance for me. I felt part of the ESGO family.

In Izmir/Turkey
