

ADVANCED (STAGE III-IV) OVARIAN CANCER SURGERY

Quality Indicators

Self-assessment form

QUALITY INDICATORS

TICK IF APPLICABLE
(scoring rules)

1. Rate of complete surgical resection		
1.1. Rate of complete surgical resection	> 65 %	<input type="checkbox"/> (score: 8)
	51-65 %	<input type="checkbox"/> (score: 3)
	≤ 50 %	<input type="checkbox"/> (score: 0)
1.2. Rate of primary debulking surgeries	≥ 50%	<input type="checkbox"/> (score: 3)
	< 50%	<input type="checkbox"/> (score: 0)
2. Number of cytoreductive surgeries performed per center and per surgeon per year		
2.1. Number of cytoreductive surgeries performed per center per year	≥ 100	<input type="checkbox"/> (score: 7)
	50-99	<input type="checkbox"/> (score: 4)
	20-49	<input type="checkbox"/> (score: 1)
2.2. Surgeries supervised or performed by surgeons operating at least 20 patients a year	≥ 95%	<input type="checkbox"/> (score: 5)
	< 95%	<input type="checkbox"/> (score: 0)
3. Surgery performed by a gynecologic oncologist or a trained surgeon specifically dedicated to gynaecological cancers management	≥ 90%	<input type="checkbox"/> (score: 3)
	< 90%	<input type="checkbox"/> (score: 0)
4. Center participating in clinical trials in gynecologic oncology	yes	<input type="checkbox"/> (score: 3)
	no	<input type="checkbox"/> (score: 0)
5. Treatment planned and reviewed at a multidisciplinary team meeting	≥ 95%	<input type="checkbox"/> (score: 2)
	< 95%	<input type="checkbox"/> (score: 0)
6. Required preoperative workup	≥ 95%	<input type="checkbox"/> (score: 1)
	< 95%	<input type="checkbox"/> (score: 0)
7. Pre-, intra-, and post-operative management	yes	<input type="checkbox"/> (score: 1)
	no	<input type="checkbox"/> (score: 0)
8. Minimum required elements in operative reports	≥ 90%	<input type="checkbox"/> (score: 3)
	< 90%	<input type="checkbox"/> (score: 0)
9. Minimum required elements in pathology reports	≥ 90%	<input type="checkbox"/> (score: 1)
	< 90%	<input type="checkbox"/> (score: 0)
10. Existence of a structured prospective reporting of postoperative complications	All complications are prospectively recorded	<input type="checkbox"/> (score: 3)
	There is no prospective complication database but selected cases are discussed at morbidity and mortality conferences	<input type="checkbox"/> (score: 1)
	Other situations	<input type="checkbox"/> (score: 0)
