

NOVEMBER 8–9, 2021

Pre-Intermediate Course in  
Robotic Gynaecological  
Oncology Surgery

GHENT, BELGIUM

## Scientific Programme

Chair: Prof Jordi Ponce

Faculty: Salvatore Gueli Alletti, Marc Barahona, Vanna Zanagnolo

### NOVEMBER 8, 2021

11:00	Welcome / Students Introduction / Course Objectives (J. Ponce)
11:15	<b>Patient selection and port placement in advanced robotic surgery</b>
	Patient selection (S. Gueli Alletti)
	Running an efficient (M. Barahona)
	Port placement and patient positioning (X and Xi) and new instruments for Xi (S. Gueli Alletti)
	Adverse conditions: Obesity (V. Zanagnolo)
	Discussion
13:00	Lunch
14:00	<b>Step by step</b>
	Simple Hysterectomy (M. Barahona)
	Pelvic spaces and Radical Hysterectomy (V. Zanagnolo)
	Pelvic LND (V. Zanagnolo)
	Aortic LND (M. Barahona)
	ICG injection, sentinel node and guided LDN (J. Ponce)
	Discussion
15:45	Coffee break
16:00	<b>Dry Lab</b>
	Docking and Port Placement for Si and Xi
	Standard exercises
	Personal improvement and competition between students
18:00	<b>Adjourn</b>
20:00	<b>Working Dinner</b> (all faculty and attendees)

## NOVEMBER 9, 2021

08:30	<b>Wet Lab (Animal Model) - Part I</b>
	Animal (Pig) Anatomy
	Port Placement
	Docking
	3rd Arm Utilization
	Advanced Energy Use
	Pelvic and Aortic Lymph Node Dissection
	Complications & Management (bleeding, suturing)
	Troubleshooting
13:00	Lunch
14:00	<b>Wet Lab (Animal Model) - Part II</b>
15:15	Tips, Tricks, and Pearls (J. Ponce)
	Uterine Manipulators (J. Ponce)
	Previous surgery. Adherence syndrome (J. Ponce)
15:45	Coffee break
16:00	<b>Management of intraoperative complications</b>
	Venous and arterial haemorrhage (M. Barahona)
	Ureter, bladder, bowel and nerve injuries (S. Gueli Alletti)
16:30	<b>Video Festival: disaster management (all teachers and students)</b>
17:30	<b>Adjourn</b>

## NOVEMBER 12, 2021 (Online)

09:00	Introduction
09:05 - 14:30	Live Surgery Transmission from Bellvitge University Hospital, Barcelona, Spain
