

**THE CONFERENCE OF THE ROMANIAN SOCIETY OF GYNECOLOGY-  
ONCOLOGY**

**PRELIMINARY PROGRAM**

**25th – 27th September 2025**

**Thursday, 25 September**

**10:00 – 13:00. PRE-CONFERENCE COURSES**

**1. Cervical cancer: colposcopy and prevention strategies Prof Mihaela  
Grigore**

**2. Minimal invasive surgery in gynecological cancers Prof Laurentiu  
Pirtea**

**13:00 – 14:00 Lunch break**

**14:00 - 15:45 Oral presentation: SESSION I**

**1. Genetic testing for ovarian and breast cancer Prof Dr Trifa**

**2. Genetic testing for endometrial cancer Prof Dr Trifa**

**3. Lynch Society Romania Dr Oana Voina**

**4. Prevention strategies in cervical cancer Assigned (Prof Madalina  
Grigore)**

**5. HPV vaccination: where we are and where we go? Assigned**

**16.00-17.15 ORAL SESSION 2**

**1 New perspectives in oncological medical treatment (AZ) Prof Șerban  
Negru**

**2. Tumour Bord sesion : complex cases debate assigned**

**17.15-17.30 Cofee break**

**17.30-18.30 Oral sesion Gynecological cancers versus infertility**

**1.Guidelines for Cancer treatment in pregnancy Charlotte Lejeune  
Nederlands**

**2. Fertility preservation in women with borderline or malignant ovarian tumour (not assigned)**

**3. Advances in cryopreservation in oncological patients Paul Pirtea**

**4. Fertility preservation in endometrial cancer Prof Razvan Ciorte**

**18.30-19.00. CEEGOG in Romania present activity future prospects Dr Catalin Coroleuca  
(Lash/cervantes)**

**19.00 Welcome cocktail Hotel Timisoara**

**Friday, 26th September**

**08:15 - 08:30 Live surgery case presentations**

**08.30 – 10:30 Live surgery**

**10.30 - 11.30 Oral presentation session 2: Laparoscopic/ open surgery**

**1. Surgical anatomy of the pelvis**

**2. Radical hysterectomy definition classification**

**3. Nerve sparing surgery in gynaecological cancer**

**5. Mapping and lymphatic pathways of sentinel lymph-node**

**11.30 - 12.30 Oral presentations session**

**Robotic surgery**

**1.Robotic surgery and sentinel lymph node for endometrial cancer Prof Elvira Bratila**

**2.Robotic trachelectomy for early cervical cancer Prof Elvira Bratila**

**3. Robotic Hysterectomy in gynaecological malignancies : Indication, technique results  
Dan Eniu**

12.30-13.30 **Oral presentations sesion 4: Vnote surgery**

**Vnotes surgery in gynaecological cancers Jan Baekelandt Belgium**

**Complications of V notes surgery Andrea Stuart Sweden**

**Vnotes surgery Ali Oudai UK**

13.30-14.30 Lunch break

14.30-15.30 **Oral presentation session 6: Cervical cancer**

**1.Evolution of surgical management of cervical cancer not assigned**

**2.Fertility spearing minimal invasive treatment of cervical cancer Prof**

**Bratila Petre**

**3.Survival associated with extent of radical hysterectomy in early  
stage cervical cancer not assigned**

15.30-16.30 **Oral presentation session 7: Endometrial cancer**

**1.Molecular classification impact in endometrial cancer management**

**2.Sentinel lymph node concept in endometrial cancer**

**3. The role of hormone therapy in endometrial cancer Radu Dragomir**

**4. Impact of long term outcomes following combined treatment  
modalities assigned Ana Dulan**

16.30-16.45 Cofee break

16.45-17.45. **Oral presentations sesion 8: Ovarian cancer**

**1. Primary versus interval debulking surgery - not assigned**

**2. Treatment of advanced ovarian cancer -Integration of radical surgery and HIPEC the multimodal protocol Eniu Dan**

**3. HIPEC associated complications Bacila Mihai**

**17.45 -19.00 Oral sesion ASIGNED (spekers from Oncohelp Romania foundation )**

**1. Therapeutic landscape in platinum-resistant ovarian cancer**

**2. Adaptative radiotherapy in gynaecological cancer inter fraction motion management and offline adaptive radiotherapy**

**3. Systemic therapy in locally advanced cervical cancer**

**4. Current approaches in cervical cancer brachytherapy**

**19.30 Gala Dinner**

**Saturday, 29th September**

**09:00 - 10.00 Oral presentation**

**Ultrasound in gynaecological cancers ASIGNED**

**1 Ultrasound assessment in cervical cancer Prof Stefania Tudorache**

**2 Ultrasound versus MRI in endometrial cancer staging Prof Dominic Iliescu**

**3 Ultrasound assessment of breast lesions Dr Simona Cerbu**

**10.00-11.45 Oral presentation sesion 11:**

**Breast cancer (Assigned)**

**1. Reconstructive surgery1 in breast cancer Prof Bratu**

**2, BREAST CANCER SURGERY Dr Aniela Noditi**

**3. Sentinel Lymph node in breast cancer Prof Razvan Ilina**

**4. Reconstructive surgery Prof Crainicean**

**5 Medical Oncology treat cancer**

**6. Radiotherapy breast cancer**

**11.45-12.00. COFEE BREAK**

**12.00-13.30**

**Best video selection Dr Pirtea Laurentiu**
