INTERNATIONAL
COLOMBIAN-BRAZILIAN
CONGRESS OF
GYNECOLOGIC
ONCOLOGY
EVA LATAM – ACGO

28–29
August 2026

Cartagena
Centro de Convenciones
Hotel Estelar

International speakers

Dra. Marie Plante
Gynecologic Oncology – Canada

Dra. Domenica Lorusso
Gynecologic Oncology – Italy

Dr. Bradley Monk
Gynecologic Oncology – USA

Dr. Alexander Melamed
Gynecologic Oncology – USA

Organized by:

eva

Grupo Brasileiro
de Tumores
Ginecológicos

CONFERENCE PROGRAM - Friday, August 28, 2026

Schedule	Topic	Speaker
7:30 - 7:50	Registration	
7:50 - 8:00	Opening	Presidents ACOG- GCIGO- EVA
Block 1: Cervical cancer <i>Moderator: Dr. Tatiana Palacios – Colombia</i>		
8:00 - 8:15	Simple vs. radical hysterectomy in low-risk cervical cancer: Do we still need so much radicality in 2026?	Dr. Vanessa Alvarenga Gynecologic Oncology Brazil
8:15 - 8:30	After SHAPE: will radical surgery disappear in early stage cervical cancer?	Dr. Marie Plante Gynecologic Oncology Canada
8:30 - 8:45	Open, laparoscopic, or robotic approach in early cervical cancer after LACC: is it time to reopen the door to minimally invasive surgery in selected scenarios?	Dr. René Pareja Gynecologic Oncology Colombia
8:45 - 9:00	Discussion	All the speakers
Block 2: Cervical Cancer II <i>Moderator: Dr. David Martínez – Colombia</i>		
9:00 - 9:15	Neoadjuvant chemotherapy in early cervical cancer: yes, no, why?	Dr. Daniele Assad Clinical Oncology Brazil
9:15 - 9:30	Adjuvant radiotherapy in early cervical cancer with intermediate risk factors: are we over-irradiating?	Dr. David Viveros Gynecologic Oncology Colombia
9:30 - 9:45	Can brachytherapy be substituted by advanced external techniques (IMRT/VMAT) in limited disease? A real-world practice debate	Dr. Juliana Helito Radiation Oncology Brazil
9:45 - 10:00	Discussion	All speakers
10:00 - 10:15	Coffee break & networking	
Block 3: Locally advanced cervical cancer <i>Moderator: Dr. Marc Pierre – Colombia</i>		
10:15 - 10:30	INTERLACE and concurrent chemoradiotherapy in cervical cancer: paradigm shift or overtreatment?	Dr. Eduardo Paulino Clinical Oncology Brazil
10:30 - 10:45	Chemoradiation vs. Chemoradiation + Concurrent Immunotherapy: The New Standard?	Dr. Domenica Lorusso Gynecologic Oncology Italy
10:45 - 11:00	Surgical staging in locally advanced cervical cancer: Is there any justification to perform it?	Dr. Angélica Fletcher Gynecologic Oncology Colombia
11:00 - 11:15	Discussion	All speakers
Block 4: Recurrent/Metastatic/Persistent Cervical Cancer <i>Moderator: Dr. Claudia Cruz – Colombia</i>		
11:15 - 11:30	Systemic management of recurrent/metastatic cervix: how to prioritize among anti-angiogenics, immunotherapy, and platinum reintroduction?	Dr. Bradley Monk Gynecologic Oncology USA
11:30 - 11:45	Pelvic exenteration: Does it have a role in the era of targeted therapies?	Dr. Audrey Tsunoda Gynecologic Oncology Brazil
11:45 - 12:00	Re-irradiation in recurrent cervical cancer: Increased morbidity or real benefit?	Dr. Renato José Alfonso Jr. Radiation Oncology Brazil
12:00 - 13:00	Lunch Sponsored Symposium: AstraZeneca	

CONFERENCE PROGRAM - Friday, August 28, 2026

Schedule	Topic	Speaker
Block 1: Endometrial Cancer: Diagnostic Approach <i>Moderator: Dr. Adriana Estévez – Colombia</i>		
13:00 - 13:15	Molecular classification in endometrial cancer: what is the role of the pathologist?	Dr. Louise De Brot Pathology <i>Brazil</i>
13:15 - 13:30	Molecular classification in endometrial cancer: what is the role of the gynecologic oncologist?	Dr. Juliana Rodríguez Gynecologic Oncology <i>Colombia</i>
13:30 - 13:45	Molecular classification in endometrial cancer: what is the role of the geneticist?	Dr. Alejandro Ruiz Genetics <i>Colombia</i>
13:45 - 14:00	Discussion	All speakers
Block 2: Endometrial Cancer: Surgical Aspects <i>Moderator: Dr. Daniel Sanabria – Colombia</i>		
14:00 - 14:15	Robotic endometrial surgery in morbid obesity with high comorbidity: new standard of care or privilege of high-resource centers?	Dr. Renato Moretti Gynecologic Oncology <i>Brazil</i>
14:15 - 14:30	Sentinel lymph node biopsy vs. systematic lymphadenectomy in intermediate/high-risk endometrium: can we abandon complete lymphadenectomy?	Dr. Glauco Baiocchi Oncological Surgery <i>Brazil</i>
14:30 - 14:45	Lymphadenectomy in early epithelial ovarian cancer: yes, no, why?	Dr. Santiago Vieira Gynecologic Oncology <i>Colombia</i>
14:45 - 15:00	Discussion	All speakers
15:00 - 15:15	Coffee break	
Block 3: Endometrial Cancer: Adjuvant/Recurrent Management <i>Moderator: Dr. Juliana Rodríguez – Colombia</i>		
15:15 - 15:30	Adjuvant treatment in endometrial cancer: When to indicate observation and/or radiotherapy	Dr. David Martínez Radiation Oncology <i>Colombia</i>
15:30 - 15:45	Adjuvant treatment in endometrial cancer: When to indicate chemotherapy and/or immunotherapy	Dr Angelica Nogueira Clinical Oncology <i>Brazil</i>
15:45 - 16:00	Recurrent endometrial cancer: a practical approach in the era of targeted therapies	Dr. Fernando Contreras Clinical Oncology <i>Colombia</i>
16:00 - 16:15	Discussion	All speakers
Block 4: Endometrial Cancer Tumor Board <i>Moderator: Dr. Abraham Hernández – Colombia</i>		
16:15 - 16:30	Case 1: Early endometrial cancer	Entire panel
16:30 - 16:45	Case 2: Advanced endometrial cancer	Entire panel
16:45 - 17:00	Case 3: Recurrent endometrial cancer	Entire panel
17:00 - 17:15	Q & A	All the speakers
17:15 – 18:15	Dinner Sponsored Symposium: FICMAC	

CONFERENCE PROGRAM - Saturday, August 29, 2026

Schedule	Topic	Speaker
8:00 - 9:00	Breakfast Sponsored Symposium: STRYKER	
Block 1: Ovarian Cancer: Prevention and Early Detection <i>Moderator: Dr. John Jairo Osorio – Colombia</i>		
9:00 - 09:15	Is it possible to prevent ovarian cancer? Current strategies in the general population	Dr. Georgia Cintra Gynecologic Oncology <i>Brazil</i>
9:15 - 09:30	Practical approach to genetic diagnosis in epithelial ovarian cancer	Dr. Alejandro Ruiz Geneticist <i>Colombia</i>
9:30 - 9:45	From imaging to the operating room: The importance of planning in ovarian cancer	Dr. Daniel Sanabria Gynecologic Oncology <i>Colombia</i>
9:45 - 10:00	Discussion	All speakers
10:00 - 10:15	Coffee break & networking	
Block 2: Ovarian Cancer: Surgical Aspects <i>Moderator: Dr. Angélica Fletcher - Colombia</i>		
10:15 - 10:30	Cytoreduction in advanced/recurrent endometrial cancer: how aggressive should we be in the era of immunotherapy?	Dr. Jonathan Peralta Gynecologic Oncology <i>Colombia</i>
10:30 - 10:45	Management of isolated lymph node recurrences in epithelial ovarian cancer	Dr. Cassio Bona Oncological Surgery <i>Brazil</i>
10:45 - 11:00	Sentinel lymph node biopsy in ovarian cancer: where are we at?	Dr. Glauco Baiocchi Oncological Surgery <i>Brazil</i>
11:00 - 11:15	Discussion	All speakers
Block 3: Ovarian Cancer: Surgical Aspects II <i>Moderator: Dr. René Pareja</i>		
11:15 - 11:30	Primary vs. interval surgery: Oncological impact and morbidity	Dr. Alexander Melamed Gynecologic Oncology <i>USA</i>
11:30 - 11:45	Open-label interval cytoreduction vs. MIS: Current recommendation	Dr. Nathalia Mora Oncological Gynecology <i>USA</i>
11:45 - 12:00	HIPEC as first-line treatment for epithelial ovarian cancer: ready for standard practice or still confined to trials and specialized centers?	Dr. Lina Echeverri Gynecologic Oncology <i>Colombia</i>
12:00 - 13:00	Lunch Sponsored Symposium: GSK	

CONFERENCE PROGRAM - Saturday, August 29, 2026

Schedule	Topic	Speaker
Block 4: Ovarian Cancer: Adjuvant/Maintenance Management <i>Moderator: Dr. Jonathan Peralta</i>		
13:00 - 13:15	Adjuvant systemic treatment in epithelial ovarian cancer: Chemotherapy alone, anti-angiogenics, or immunotherapy as first-line therapy?	Dr. Andréa Paiva Gadelha Clinical Oncology <i>Brazil</i>
13:15 - 13:30	Maintenance therapy in epithelial ovarian cancer: iPARPs and beyond – which one, for whom, and for how long?	Dr. Marc Pierre Clinical Oncology <i>Colombia</i>
13:30 - 13:45	KELIM Score: Does it change the current standard of care? A perspective from a gynecologic oncologist	Dr. Lina Caicedo Gynecologic Oncology <i>Colombia</i>
13:45 - 14:00	Discussion	All speakers
Block 5: Ovarian Cancer: A Recurrent Disease <i>Moderator: Dr. Lucrecia Mojica – Colombia</i>		
14:00 - 14:15	Secondary cytoreduction in ovarian cancer: How to select the patient?	Dr. Gustavo Guitmann Oncological Surgery <i>Brazil</i>
14:15 - 14:30	Beyond secondary cytoreduction: tertiary, quaternary	Dr. Carolina Morante Gynecologic Oncology <i>Colombia</i>
14:30 - 14:45	Platinum-resistant ovarian cancer: current targeted management options	Dr. Abraham Hernández Clinical Oncology <i>Colombia</i>
14:45 - 15:00	Case 1: Advanced ovarian cancer: use of anti-angiogenic	Entire panel
15:00 - 15:15	Case 2: Advanced ovarian cancer: use of IPARP	Entire panel
15:15 - 15:30	Case 3: Recurrent ovarian cancer	Entire panel
15:30 - 15:45	Coffee break & networking	
Block 6: LACOG/G-CIGO/EVA Research Projects - International Alliance <i>Moderator: Dr. Vanessa Alvarenga - Brazil Dr. Juliana Rodriguez – Colombia</i>		
15:45 - 16:05	LACOG	Gustavo Werustky
16:05 - 16:25	G-CIGO/ACGO	Delegate G-CIGO/ACGO
16:25 - 16:45	EVA	Andréia Melo
16:45 - 17:00	Q & A	All the speakers
