PROGRAMME

28.09.2017 THURSDAY

WORKSHOPS (9 a.m. - 4 p.m.)

Operating workshops (9 a.m. - 1 p.m.).
Ultrasound diagnostics in gynaecologic oncology.
Standards of supervision after treatment of genital organs tumour.
Genetic diagnostics: What should be marked? How to interpret the results
Interoperative exploration in surgical treatment
Colonoscopy workshops.

3 p.m. - 4.30 p.m. PTGO EXECUTIVE BOARD MEETING

5 p.m. - 7 p.m. OPENING CEREMONY

• Welcoming of Guests
• Speeches by the authorities - Rector, Mayor of Lublin, Governor, Province Marshal, President of PTGO, National Consultant of Gynaecologic Oncology
29.09.2017 FRIDAY

MAIN HALL No. 1

Session 1:
STANDARDS OF DIAGNOSTICS AND OVARIAN CANCER TREATMENT
8 a.m. - 9.15 a.m.

Chairs: Prof. Ewa Markwitz, Prof. Jerzy Sikora, Lubomir Bodnar, Associate Professor

1. Primary versus secondary cytoreduction
2. Chemotherapy
3. Targeted immunotherapy
4. Ovarian cancer relapse diagnostics.
5. Ovarian cancer relapse - how to treat?

Session 2:
PTGO PRESIDENTS SESSION
9:30 a.m. – 10:45 a.m.

Chairs: Prof. Antoni Basta, Prof. Mariusz Bidziński, Prof. Janina Markowska

2. Stem cells in case of ovarian cancer - clinical implications.
3. A model of optimal diagnostics in gynaecologic oncology.
4. Conservative treatment of malignant neoplasms of reproductive organ and breast, enabling to maintain procreation.
5. Fast track surgery in gynaecologic oncology.
BREAK 10:45 a.m. - 11:15 a.m.

Session 3:
INNOVATIVE METHODS OF ONCOLOGICAL TREATMENT
11:15 a.m. – 12:45 a.m.

Chairs: Prof. Paweł Blecharz, Prof. Kazimierz Pityński

1. Laparoscopy - cervical cancer.
2. Endometrial cancer.
3. Transarterial therapies in metastatic hepatic malignancy.
5. Haemostatic disorders in oncological patients. How to diagnose? How to treat?
6. Bewacizumab - innovation or a standard?

DEBATE:
12:50 p.m. - 1:20 p.m.

EFFECTIVE PREVENTION OF CERVICAL CANCER.
HOW TO IMPROVE PREVENTION OF CERVICAL CANCER IN POLAND.

Chairs: Prof. Xavier Bosch, Prof. Jan Kotarski

BREAK 1:30 p.m. - 2:30 p.m. LUNCH
Session 4:
WHEN DOES A SURGEON HELPS A GYNAECOLOGIST

2.30 p.m. - 4 p.m.

Chairs: Prof. Andrzej Malinowski, Prof. Andrzej Skręt, Prof. Janusz Emmerich

1. Krukenberg tumour.
2. GIST - how to diagnose and treat.
3. Liver surgery - possibilities and restrictions.
5. Interventional radiology in treatment of metastases in liver.

Session 5:
RARE TUMOURS OF GENITAL ORGANS
4.15 p.m. - 6 p.m.

Chairs: Prof. Andrzej Bieńkiewicz, Prof. Grzegorz Panek, Prof. Jacek Sznurkowski, Associate Professor

1. Rare ovarian cancers.
3. Metastasizing cancers of genital organs.
5. Diagnostics and treatment of uterine myoma.
3. Targeted therapies in sarcomas.
Session 1:
SESSION OF THE POLISH COLONOSCOPY SOCIETY AND PATHOPHYSIOLOGY OF CERVIX UTERI
RECOMMENDATIONS OF THE PROCEEDINGS IN CERTAIN PATHOLOGIES OF LOWER SECTION OF A REPRODUCTIVE ORGAN

8:00 a.m. - 9:30 a.m.

Chairs: Prof. Robert Jach, Prof. Witold Kędzia, Prof. Anna Nasierowska – Guttmejer, Prof. Wojciech Rokita

1. Algorithms of dealing with abnormal result of cytology and colonoscopy.
2. Colonoscopy prevention and diagnostics of PTG colonoscopy CIN relapses.
3. The role of biomarkers in diagnostics of cervical lesions.
5. Diagnostics of cervical lesions in pregnant women.

Session 2:
SESSION OF THE POLISH GYNAECOLOGICAL SOCIETY CANCERS AND PREGNANCY.

09:30 a.m. – 10:45 a.m.

Chairs: Prof. Przemysław Oszukowski, Prof. Mariusz Zimmer, Dr Marek Gogacz, Associate Professor

4. Assessment of oncological risk of ovarian tumour in pregnant women.

COFFEE BREAK 10:45 a.m. - 11.15 a.m.

Session 3:
GENETIC DETERMINANTS OF OVARIAN CANCER

Chairs:...

11:15 a.m. - 12:15 p.m.

1. Molecular characteristics of cancers - will it replace histopathology?
2. Is BRCA mutation a disease?
3. Clinical implications of biological diversity of ovarian cancer in women with BRCA mutations.

LUNCH 1:00 p.m. - 2:00 p.m.

Session 4:
QUALITY OF LIFE OF ONCOLOGICAL PATIENTS

2 p.m. - 3.30 p.m.

Chairs: ...

2. Conservative and reconstruction surgeries in treatment of cancers.
5. Is oral contraception carcinogenic?
6. Contraception in oncological patients.
BREAK 3.30 p.m. - 3.45 p.m.

Session 5:
DIAGNOSTICS AND THERAPEUTIC STANDARDS IN GYNAECOLOGIC ONCOLOGY

3.45 p.m. - 5.15 p.m.
Chairs: Prof. Marek Spaczyński, Prof. Ryszard Poręba, Prof. Włodzimierz Sawicki

2. Radiotherapy in treatment of genital organs tumour.
3. Endometrial cancer.
4. Ovarian cancer.
5. Vulvar cancer.

5.15 p.m. - 6 p.m.
SESSION OF WINNER OF THE AWARD FOR THE BEST POSTER PRESENTATIONS
Lecturer: Iwona Wertel, Associate Professor

30.09.2017 SATURDAY

HALL No. 1

Session 1: DIFFICULT DECISIONS IN ONCOLOGY

9 a.m. - 11 a.m.

Chairs: Prof. Stefan Sajdak, Prof. Piotr Knapp, Prof. Iwona Gisterek

1. Are there any boundaries of resectability of vulvar cancer?
2. Perioperative complications and combined treatment of cancers.
3. Thromboembolic complications in oncological patients.
4. When limfadenectomy does not bring clinical benefits.
5. When to waive oncological treatment.
6. Tumour morcellation - controversies.

BREAK 11 a.m. - 11.15 a.m.

Session 2:
PERSONALIZATION OF TREATMENT IN GYNAECOLOGIC ONCOLOGY

11.15 a.m. - 12.30 p.m.

Chairs: Prof. Bogdan Michalski, ....

1. What does individual patient mean?
2. Molecular characteristics of tumours - practical implications.
3. Sentinel lymph node concept - significant progress or blind alley.
4. Dysfunction of the immune system in women with ovarian cancer.

HALL No. 2

Session 1:
NURSING SESSION

9 a.m. - 12 noon

Chairs: Urszula Markowska, Andrzej Stanisławek,

1. Impediments of everyday life and limb dysfunction at the side of the operated breast in women treated surgically for carcinoma of the breast.
2. Analysis of usefulness of measurement of cortisol concentrations in serum to assess perioperative pain in patients treated surgically for carcinoma of the breast.
3. Changes in the scope of the basic lipid profile in breast cancer.
4. Increase of climacteric symptoms and quality of life of a woman in the age of 50-55.
5. Prevention of cervical cancer - scope of practise and a role of a cognitive image of a disease in a dyad consisting of a woman and her partner.
6. A problem of sexual functioning of women treated oncologically.
7. Assessment of men's knowledge in the area of risk factors and prevention of prostate gland cancer.
8. The knowledge of young adults on the topic of oncological prevention.
9. Health behaviour of women in the perimenopause period related to prevention of women's cancer.

POSTER SESSION SIMULTANEOUS TO LECTURES.
